

Beach Hideaway Directions & Map

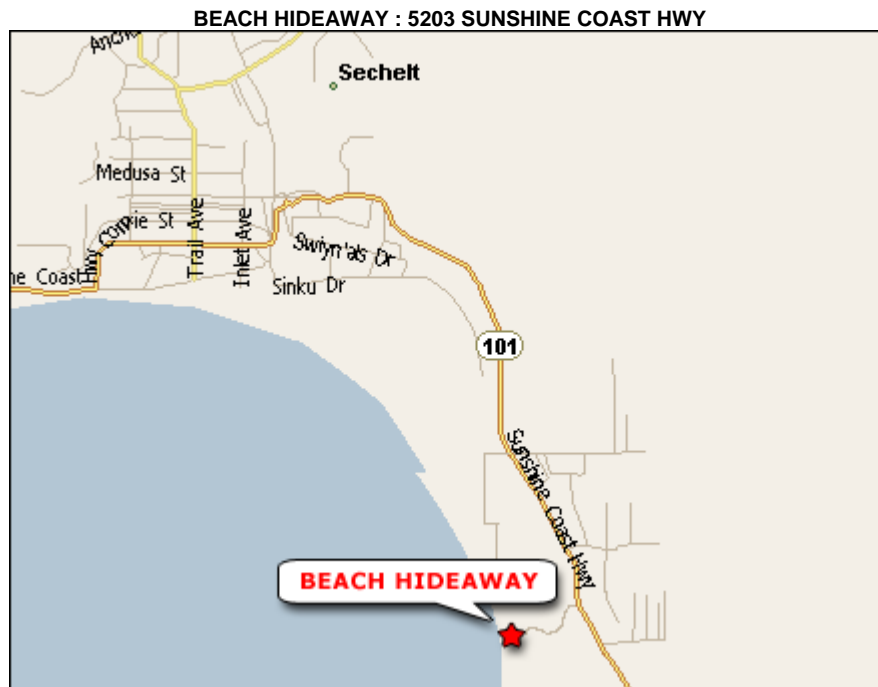

Board the ferry to Langdale at the Horseshoe Bay terminal. Now, sit back and soak up some of the most incredible coastal scenery in British Columbia. A mere 40 minute sail across Howe Sound and the Strait of Georgia brings you to the Langdale terminal.

From that point simply follow the ferry traffic up the by-pass until you come to our main highway 101 in Gibsons. Head NORTH for approximately 20 minutes until you come to a place where the water parallels the Highway. You are now in Davis Bay.

As you come down the hill into Davis Bay you will see a log style market called Pier 17 on your right. From Pier 17 Beach Hideaway is approximately one kilometer on the left hand side. Look for our sign right after Snodgrass Road.
